

SAVION

A RENEWABLE ENERGY COMPANY

Savion, a Shell Group portfolio company, is one of the largest, most technologically advanced utility-scale solar and energy storage project development companies in the United States.

With a growing portfolio of more than 36.5 GW, Savion's diverse team provides comprehensive services at each phase of renewable energy project development, from conception through construction. As part of this full-service model, Savion manages all aspects of development for customers, partners, and project host communities.

Savion is committed to helping decarbonize the energy grid by replacing electric power generation with renewable sources and delivering cost-competitive electricity to the marketplace. For further information, visit www.savionenergy.com

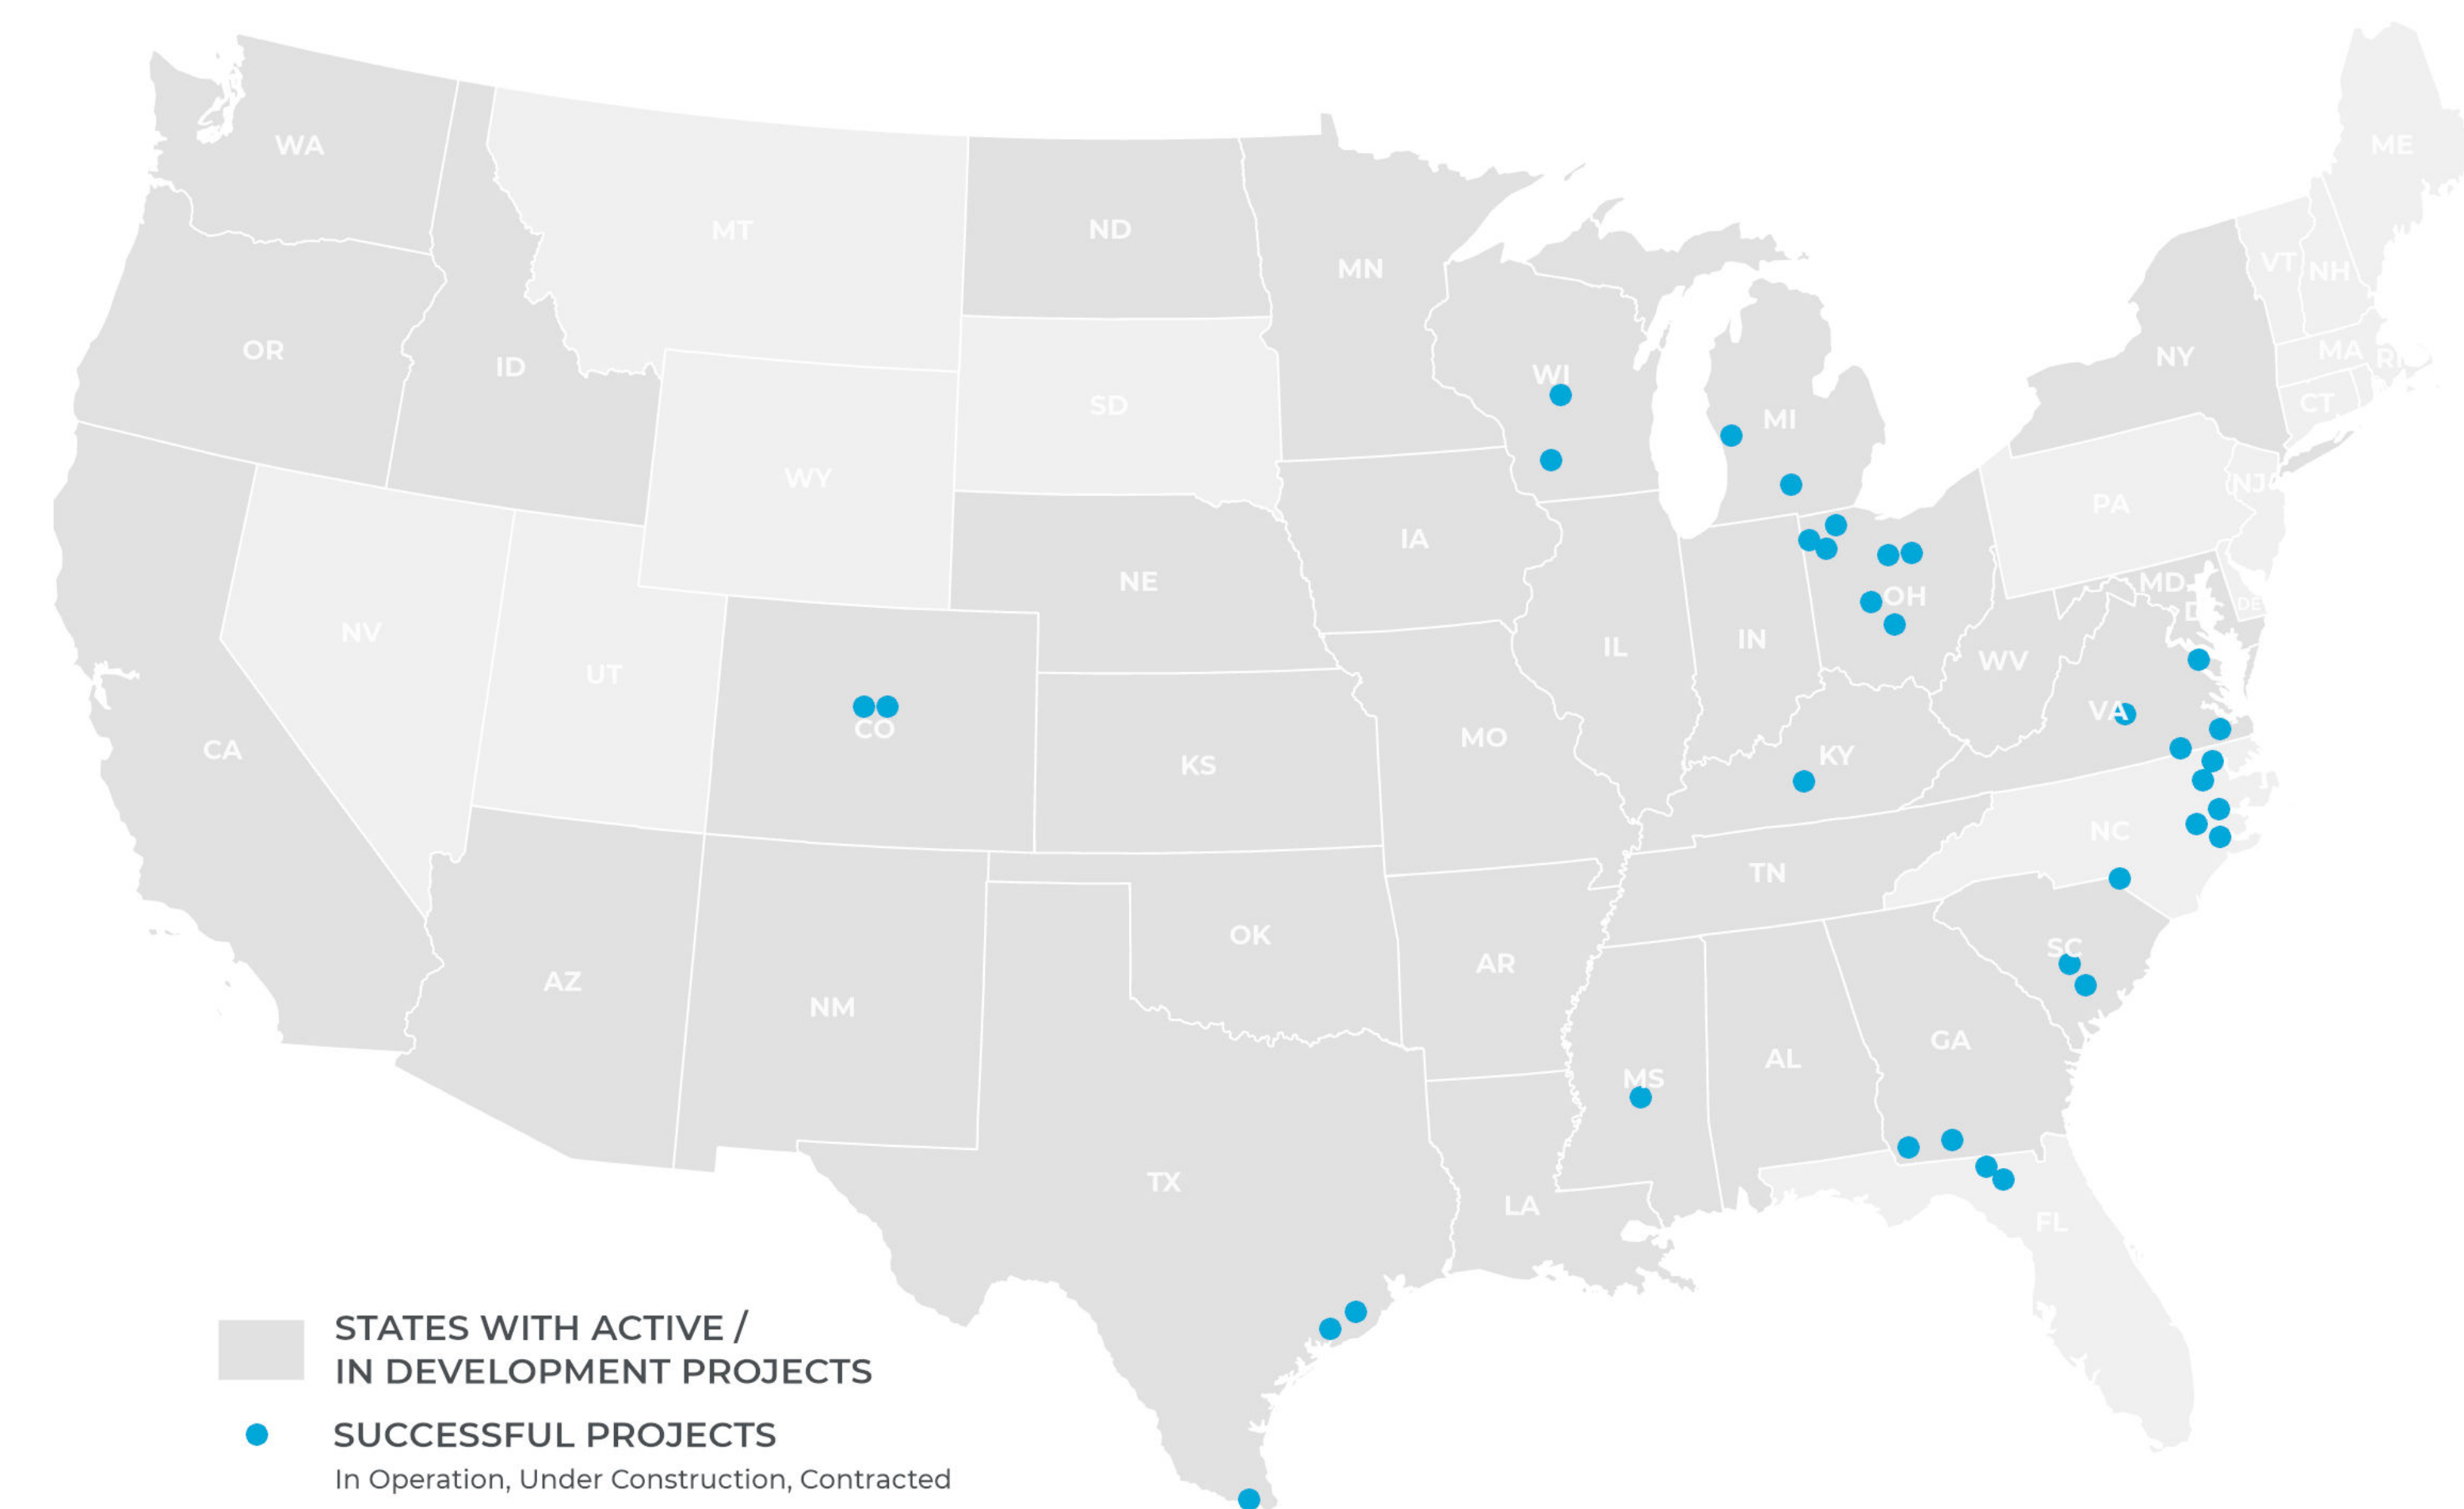

Founded in 2019, the Savion team is comprised of utility-scale solar and energy storage development experts.

A U.S.-based company headquartered in Kansas City, MO, Savion has projects in various phases across 33 states.

Savion has more than 185 employees providing comprehensive services at each phase of renewable energy project development.

WHO WE ARE

We are actively advancing U.S. utility-scale photovoltaic (PV) and energy storage projects that help decarbonize the nation's electricity grid and deploy modern power to diverse markets at lower cost to customers. With a genuine care for the communities with which we are privileged to partner, Savion delivers utility-scale solar and energy storage project development throughout the U.S.
